

Academy:

We are offering a one-stop platform for your learning needs. Our platform provides the academic resources you need to get started in today's ever-changing economy. Take advantage of our academic services, where you can quickly obtain e-books, podcasts and other courses. You can quickly access all of these and download any presentation or tutorial.

E-Commerce:

Earn rewards today by utilising all of the tools required to work in the marketplace. We provide you with all the marketing tools needed to grow your e-commerce.

AI Helper:

Why should you be left behind in a world where Chat GPT has altered how we know? Feel free to use our product's Chat GPT service to ask any questions.

Gaming:

Gaming can entertain and excite you with its fast-paced action or puzzle style. Gaming is a way to relax, especially if you are tired or leisurely and want to chill out. Our game store has exciting games for kids and adults giving you a chance to get rewards.

Fincare:

We want to make banking more secure and convenient. You can use our Fincare service to Access Exchange Wallet, P2P, and Staking all in one place. Aside from our exchange wallet, a peer-to-peer network will quickly send your data transfer, any large file, to your desired receiver without using a third party.

The Reward System:

Within the reward system, you can earn rewards in four different ways.

Sign-Up Rewards:

If you sign up using your sponsor link, you will receive an instant \$1 bonus. Your reward will increase as more people click on your sponsored link.

Direct Sponsorship Rewards:

For every RME package purchased through your sponsor link, you will receive a \$5 Direct Sponsorship Reward.

Dual Team Rewards:

You will need two Direct Sponsored Referrals to activate your Dual Team Rewards.

Online Gaming Rewards:

Playing a game is enjoyable; the enjoyment is multiplied when it is both the game and the reward. You can easily win online gaming rewards by playing online games. Increase your points and rewards.

RME is the only platform where rewards are always personalised for you. We provide digital products and rewards to make your work easier and more enjoyable.
