Proof of Concept and Team:	World Economic Forum Davos January 2023
Development Started:	February 2023
Pre- Sign up and Campaign:	March 2022

We are Here

Ecosystem Hub: Various digital goods and services organise our ecosystem. Our ecosystem hub provides you with academic programs, e-commerce tools, peer-to-peer trading, online games, AI helpers, wallets, payments, and—most importantly—the opportunity to earn rewards by exploring various fields. Soon, there will be a lot more surprises.

April 2023

Rewards Plan: The Reward System: Within the reward system, you can earn rewards in four different ways.

Sign-Up Rewards: If you sign up using your sponsor link, you will receive an instant \$1 bonus. Your reward will increase as more people subscribe through your sponsored link.

Direct Sponsorship Rewards: For every RME package purchased through your sponsor link, you will receive a \$5 Direct Sponsorship Reward.

Dual Team Rewards: You need two Direct Sponsored Referrals to activate your Dual Team Rewards.

Online Gaming Rewards: Playing a game is enjoyable; the enjoyment is multiplied when it is both the game and the reward. You can easily win online gaming rewards by playing online games. Increase your points and rewards.

Membership Upgrades:

Date:

Academy v.1: RME offers a variety of knowledgebase products, including Academy Courses, E-Books, Tutorial, Video Presentation etc. and more, all under one roof.

Date:

AI Helper: AI Helper can help you accomplish your objectives by responding to your inquiries. You are free to ask any questions, enabling you to complete your work more quickly and with higher-quality results.

Date:

eCommerce (dropshipping & etc.): A decentralised e-commerce dropshipping platform that allows you to manage your store anytime, anywhere, with sophisticated integration of digital marketing. Automation is the future to leverage your business.

Date:

Fincare: It is a diversified, decentralized banking platform where you can manage your assets and digital currencies within your control.

Date:

Exchange (P2P): Peer-to-peer exchanges let users trade cryptocurrencies directly, eliminating the need for a middleman. Alternatively, users can purchase bitcoins directly from the vendor using the payment method of their choice.

Date:

Staking: Staking is a process that rewards network participants by storing their coins in cryptocurrency wallets to validate transactions or provide liquidity.

Date:

Wallet: You will have secure access to the private keys for the cryptocurrencies safely stored in our wallets. The R-Rewards Wallet and the C-Rewards Wallet are both available. As an Associates Member, you can transfer your earnings from C-Rewards to your R-Rewards Wallet. Your money can be withdrawn from your R-Reward Wallet.

Date:

Payments: Your payment will be kept in your R-wallet account. From there, you can proceed with your payment.

Date:

Gaming-- gaming will be includes the Play2Earn, Casino Entertainment and Sports/e-sports

Date:

Rewards Launchpad--- the rewards launchpad is a place where everyone can launch new products and services without any hassle and no coding. Launchpad will offer our rewards system and monetization to all the products and services.

Date:

Token Launch: Token Launch is the sale of Tokens to the public as part of a product launch.
